The District Board have resolved that a dispy at Mandagadde is very necessary and should be opened. But they have not expressly recorded their willingness to meet the recurring charges of the dispy. There is nothing in the Presidents letter to show that the Board had an idea of the probable recurring charges involved in their proposal to establish a dispy at Mandagadde.

In another file (red 236-09) the total no: of Hospl Asstes has been fixed at 183 including 11 reserves at the rate of one for each District and one extra for each of the districts of Kadur, Shimoga and Mysore. It is not known whether the Senior Surgeon will be able to spare a Hospl Asst for the charge of the dispy at Mandagadde if one is newly opened there. the Shimoga D.B.d has an Expenditure far in excess of its receipts and the proposed Dispensary is to be kept at the Cost of some of the works & Expenditure is reducing the balance at Credit – a most undesirable arrangement. I have an idea that Mysore has proportionately more dispensaries when compared to Provinces of British India

Will Asst Secy please calculate for Madras & for Mysore the following figures:

(a) Population for each dispensary (average)

(b) Area in square miles for each dispensary (average).

In the present financial situation it is perhaps not desirable to undertake to open more dispensaries — Does not some part of the charge of these dispensaries e.g. pay of S.A.S. fall on Govt?

Then again it is not clear why missionary effort in this direction was stifled rather than encouraged. HM

Sir,

In continuation of this office No.G.580 dated 6-5-1911, I have the honor to state that the President of the District Board has also come forward with a proposal to open a Dispensary at Mandagadde, Thirthahalli Taluk, copies of whose letters I herein enclose for your kind perusal. As to the necessity that exists for a Dispensary at Mandagadde I fully endorse the President's opinion and in consequence thereof I request you to be so good as to obtain the sanction of Government to the opening of a Dispensary as also to the entertainment of an additional Hospital Assistant along with it so as to avoid a further representation from me on the subject of the inadequacy of the number of Hospital Assistants to work the Department smoothly and efficiently.

I have the honor to be,

Sir,

Your most obedient servant,

T.V. Arumugam

Offg Senior Surgeon, Mysore Govt.

Letter No.682 dated 1st April 1911 from the President of the District Board, Shimoga, to the Senior Surgeon, M.G.

I have the honor to bring to your notice that Mandagadde, a roadside village in the Thirthahally Taluk, is a very malarious place, situated midway between Shimoga and Thirthahalli and that the inhabitants of this and the adjoining villages are constantly suffering from the bad effects of malnad climate. Medical aid is not within easy reach of these poor villagers, as the place is far removed from localities where there are hospitals or Dispensaries. Moreover it is a well known fact that population in these parts is gradually going down and that mortality among women and children of young age is increasing year by year due to some extent for want of timely medical aid. It was in these circumstances proposed at the last meeting of the Board that a Dispensary might be opened at this place and the Board after a deliberate consideration of the question have strongly expressed themselves in favour of the proposed measure. The opening of such an institution will no doubt be felt as a boon by the ryots of this malnad. I therefore request you to be so good as to obtain sanction of Government for opening a Dispensary at Mandagadde as recommended by the Board. The proposal for the entertainment of a Midwife will afterwards be submitted.

A copy of the Board's resolution is herein enclosed for reference.

Proceedings of an ordinary meeting of the Shimoga District Board held in the Deputy Commissioner's Office at Shimoga on 11th February 11.

---

22. Proposed that a Dispensary be opened at Mandagadde which is situated in a malnad place midway between Shimoga & Thirthahalli so as to afford medical aid to those suffering from the evil effects of malnad climate.

Resolution.- The Board would strongly recommend the opening

of

of a Dispensary in Mandagadde.

Sd/ K. Srinivasa Rao

President.

Letter No.880 dated 10th June 1911 from the same officer to the same officer.

His docket No.5054 dated 13th April 1911 anent the opening of a Dispensary at Mandagadde.

With reference to the above, has the honor to state that the subject was placed before the District Board which met on the 29th May 1911. The Board resolved to pay its contribution towards the buildings which include quarters for a Hospital Assistant and Midwife, Mortuary and Kitchen. The Board further proposed that, until the buildings in question are constructed, the Dispensary may be located in a rented building as the people in these parts are very much in need of medical aid. Under the circumstances the undersigned requests that arrangements may be made to open the Dispensary.

Docket No.124, dated, 21st August 1911, from the President of the Municipalities, Shimoga District to the Senior Surgeon, Mysore Govt.Bangalore.

His docket No.276, dated, 18th July 1911, enquiring whether a building suited for the Dispensary is available at Mandagadde etc:-

---

With reference to the above, has the honor to state that the Amildar of the Thirthahally Taluq reports that there is a fairly convenient building for locating the Hospital and accommodating the Hospital Assistant also temporarily at Mandagadde and that the owner demands a rent of Rs.5/- per mensem.

The undersigned therefore requests that arrangements may be made to open the Dispensary early.

Letter No.149, dated, 31-8-1911, from the District Medical Officer, Shimoga District to the Senior Surgeon, Mysore Govt.Bangalore.

With reference to your No.816, dated, 28-8-1911, and in continuation of this Office No.146, dated, 29-8-1911, I have the honor to report that I visited Mandagadde to day and inspected the building selected by the Amildar for dispensary purpose. This building will serve as a temporary measure both for dispensary purposes and as quarters for the Hospital Asstt. no better building is available in this place. The need for Medical help in Mandagadde and in the adjoining villages is very urgent and I request the Senior Surgeon to depute a high caste Medical Subordinate to be in charge of the dispensary so that he may overcome the relegious scruples etc:- of the villagers. One that has enough tact and experience is required as his work is an up hill one.

Sir.

With reference to your No: 2794/Med 234-10-7 dated 18 October 1911 enquiring how the District Board can afford to meet the cost of the proposed dispensary at Mandagadde when the expenditure of the District Board according to sanctioned Budget grants exceeds the estimated revenue by nearly Rs 7500, I have the honor to state that the opening of the Dispensary in question

is

is indespensable as Mandagadde and the villages into its neighbourhood are sadly in need of medical aid, being situated at a distance of about 18 miles from the nearest dispensaries at Shimoga and at Tirthalli.

It is also a well known fact that the population in the Malnad is decreasing Year by year owing to the bad effects of the Malnad climate.

In these circumstances, I request that the dispensary in question may be ordered to be opened as early as possible and that the cost may be met out of the sanctioned grants, by deferring certain Distrct Fund Works and also out of the closing balance at the credit of the District Board.

I have the honor to be,
